

## FDQ level 2 Award in Behavioural Safety and Wellbeing (QCF)

### Qualification purpose

This qualification is designed to develop a behavioural approach to the skills and knowledge required for the safety and wellbeing of learners. It is primarily designed for those learners engaged in learning or study and preparing for further learning. The qualification does not confirm competence to apply skills, knowledge and understanding in the workplace, as achievement is based upon the assessed outcomes of learning.

Ofqual purpose B. Prepare for further learning or training and/or develop knowledge and/or skills in a subject area

Sub purpose B1. Prepare for further learning or training, and/or B2. Develop knowledge and/or skills in a subject area

### Assessment

This qualification can be assessed using one or more of the following methods: assignment, projects, coursework, e-assessment, portfolio of evidence. The qualification must be internally assessed and internally quality assured by centres.

FDQ externally quality assures all centre assessment and internal quality assurance quality and arrangements.

Overall grading: Pass

Reasonable adjustments apply that permit additional learner support in assessment where this is justified to meet learner needs. See the FDQ Centre handbook for reasonable adjustment arrangements.
