Food safety language courses

Food safety courses available in a variety of languages

Why choose us

Our food safety courses are developed by industry experts and designed to train and upskill each and every learner.

Qualification purpose

This qualification is designed for learners who are working in, or preparing to work in the food manufacturing or food supply chain industry, in operative, supervisory or management roles, or in catering or hospitality sectors. It has been designed to assess aspects of food safety across the food industry as a whole.

Our customers say

“FDQ have been nothing short of first class in their support, advice and always there for the learner and us as a provider, ensuring that we deliver first class qualifications that enable the learner to progress within their chosen career”

FDQ Assess

DQAssess is the new online testing platform offered by FDQ that gives every single learner and apprentice the opportunity to complete their exams on a computer or tablet device. As quick tutorial on how to use can be found here:

<https://www.fdq.org.uk/online-exams>.

FDQ Food Safety Packages

Our message

Clear

Our priority is to ensure there are no surprises whilst working with FDQ.

Supportive & Flexible

We want your learners to succeed. That's why we work around your shift patterns to ensure day by day support and answer your enquiries within the hour.

Professional & friendly

We pride ourselves on working closely with our customers. From the moment you become a centre with FDQ, our door is always open for any questions you need answering. Just give us a call.

Want to start working with FDQ?

Simply fill in and submit centre & qualification approval form found on our website www.fdq.org.uk.

Once you are approved

Once you are approved, you can begin delivering and registering learners on our FDQAwards system. You will receive a confirmation letter and welcome email from a member of our Operations Team.
